Hey Band!

It's our first game! I hope you are as excited as I am because we are going to rock the house down today! You have worked so hard to be ready for today! Especially yesterday! The energy was off the charts! I hope you felt proud to be in band yesterday, because that is what marching band spirit is all about. So let's keep the energy up every week and always give it our all! Here are some tips to remember while marching... keep shoulders facing the sideline, don't look down at the ground (ten degrees up), and watch your drum major! But don't worry too much about the show because if you just give it your all' you wont have any regrets to look back on! Remember to have fun and enjoy yourself! Now let's go out there and kick brass and take names!

*-Your Head Drum Major,
Timothy Xenakis*

Hey Band!

It's the first football game of this season! A first for freshman, and a last first for seniors... but all of you should still enjoy this first game because it is definitely one to remember! We are so far ahead, and I am so proud of everything all of you have accomplished thus far. Our show will finally be presented to an audience, and I know all of you are gonna kick some Brass! So start off this season with a fresh slate, have fun, and make many memories as this season continues but don't forget this...

Hey baand!!!!

Our first game is here, time went by fast! Lets start the season with a bari strong performance!! (Even without bari saxes we can still be great, although I still cry inside). Don't forget to keep your toes and chins up, and have good horn angles. Also remember to march and play confidently! Most importantly have fun!!! And I have some words of advice to the Freshmen, don't be nervous guys, games are extremely fun!! They are one of the fun things that all our hard work contributes to, so make the most out of it. Dance during stand tunes and the drum cadences, and have fun with your friends! I know the idea of your first game might be a little bit intimidating, but games will become easier after the first one. So with that said, let's have some fun at our first game of the season!!!!

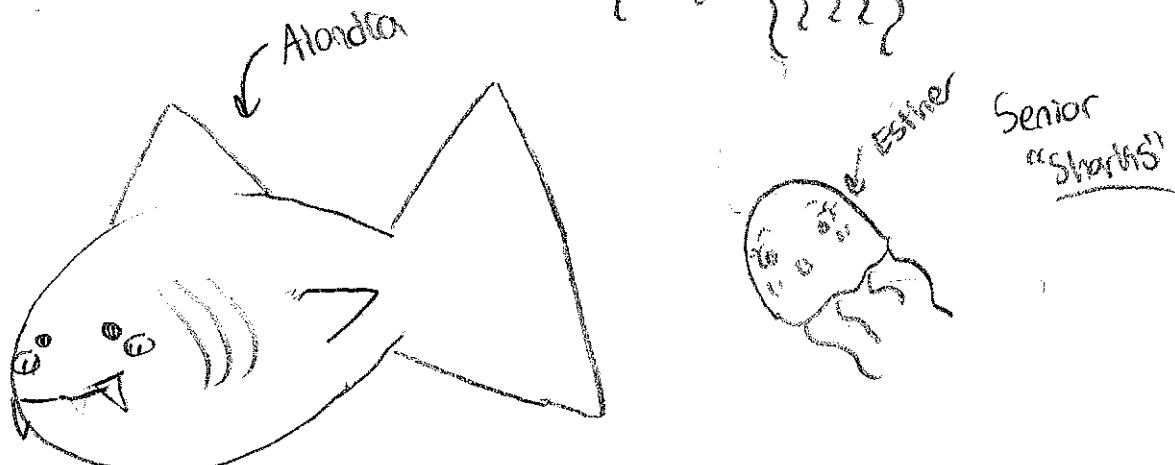

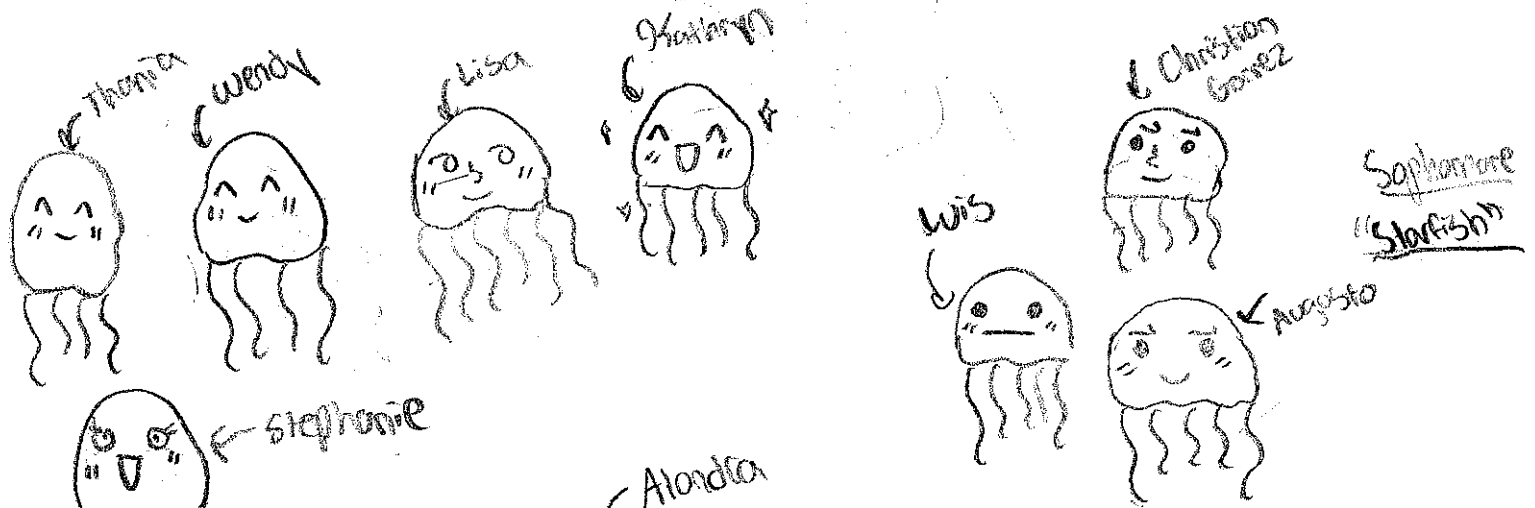

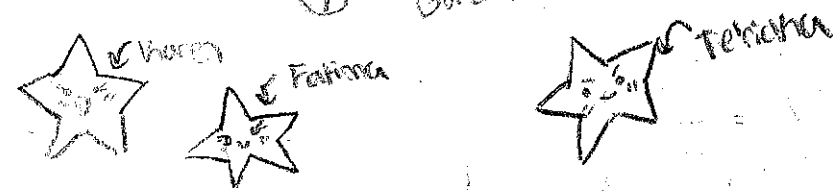

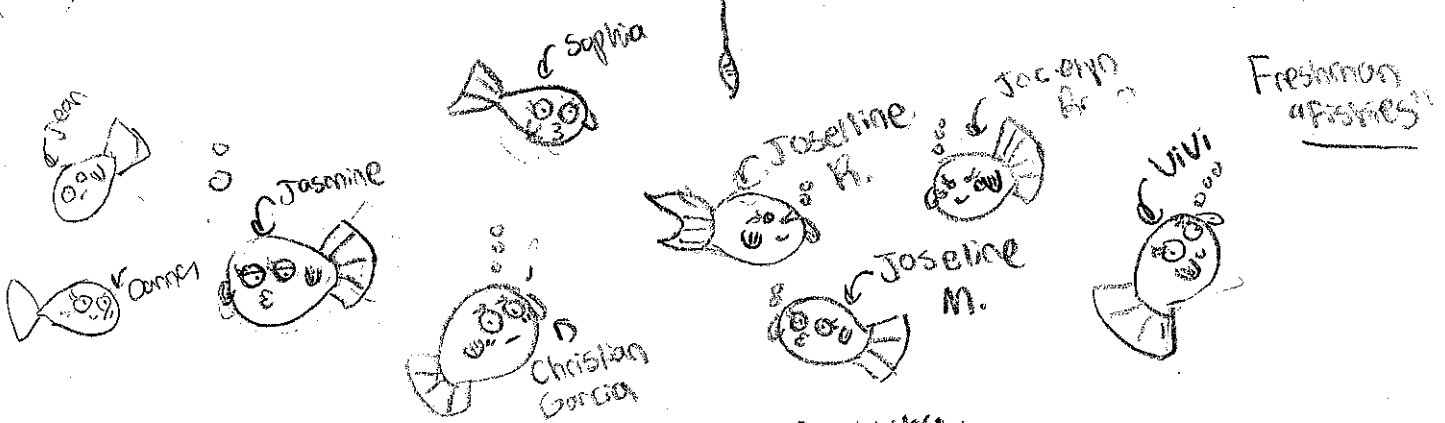

-Your Sophomore Drum Major, Spaz

P.S- Ami says good luck, don't suck, and do your homework.

Wow our first game already!!! I hope you're as excited as me!!! I know you guys are going to look great tonight. I can't wait for our freshman (Deanna) to experience her first marching show. Just remember guys to relax we got this in the bag. I am so proud of how far we came from the summer to now, and we are still making great progress on our show. I'm so glad to have yall as my section for my finally year. Each one of you is so unique and special and I know once my time comes to leave yall I'm going to miss yall... SIKE just kidding I am going to miss yall, but now is not the time to be getting sentimental. Focus on our show and get ready to kick Chavez's butts guys!!! On another note MOTW (Mellow of the Week) is a reward that you get by showing effort in our rehearsal and good practice of band skills. I will not pick one for this week because I just want to inform yall about this but next game there will be one. Also I would like to state two adoptions that I made during the summer o our section. Kesha and Jose our now Mello-Sax it's not official but I consider them as our section because they both put so much effort in the show as they are marching mello spots. Guys also don't forget that we are getting close to a special day... HALLOWEEN!!! So our theme for our page is Goose Bumps. #Harambeisnotdead #pray4Harambe

Trombone Page

Dear Trombones,

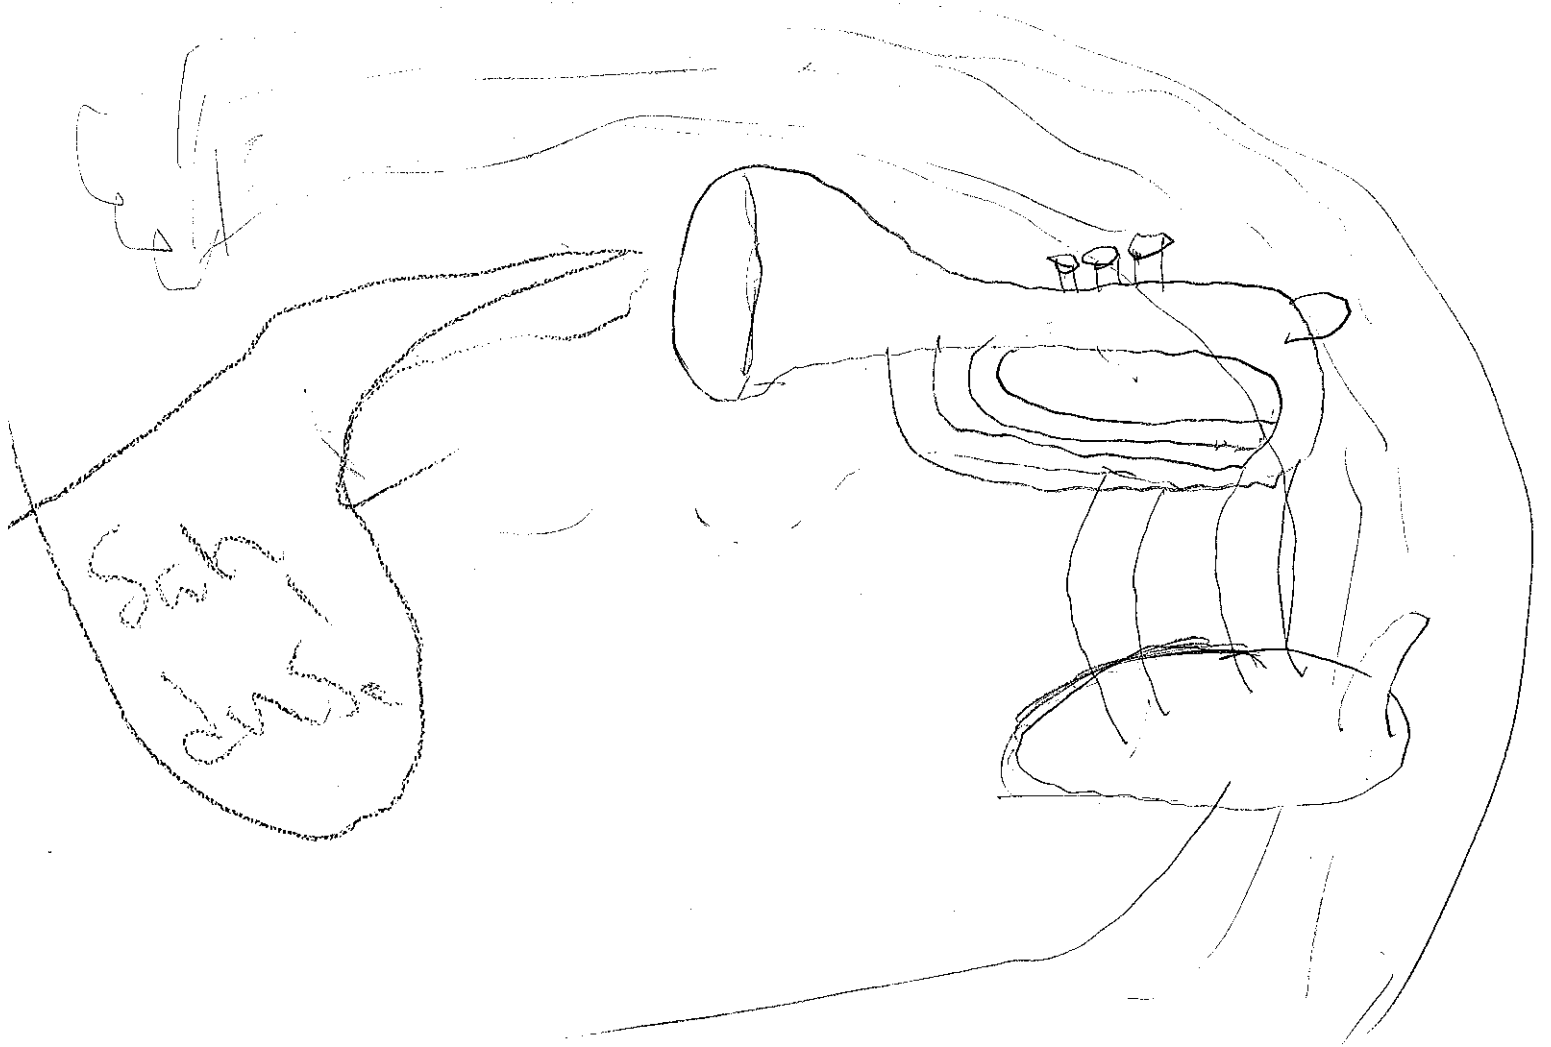

I am proud to say that I am proud of each and every one of ya'll. Since August, ya'll have been pushing yourselves on the hot scorching sun. In addition, every single one of you should be proud for getting this far. We have 75% percent of the show on the field!!!!!! And if you keep missing notes or don't movements memorized, then fix it!!! AND PLAY LOUD!!!! Not to the point where it's blasting but to a decent good sound. I do hope though that you freshman get to have fun on your first game! Don't be nervous, though. Have fun. Upperclassmen, I do have to say that even though some of you still suck, each and every one of you has improved by a lot. Make this Marching Season a blast guys and keep on pushing yourselves at all times!
